

Minutes of the Executive Committee of COMPRES on January 15 2010

Attending: Williams, Tyburczy, van Orman, Weidner, Panero, Sharp, Bass and Liebermann

Absent: Agee

1. Approval of minutes of ExComm meeting of January 8, 2010.

Quentin Williams: all approved.

2. Facilities Committee on annual reports and recommendations for FY2010-2011

Panero reported. No changes yet in reports submitted last week.

Multi-Anvil facility at NSLS X17B2. Weidner recused. Questions that remained last meeting were about sharing of beam between the DAC and MAP hutches, and discussion of requested funding. A response was submitted by Weidner/Vaughan. The 1000 ton press will not be here till the end of 2010.

NSLS X17B3/C Diamond Anvil Cell

Beamline scientist left.

1/2 post doc for Duffy (to be situated at NSLS) is approved.

NSLS U2A IR DAC

Positively reviewed.

Final decision not made on post-doc housing. If it is approved, the money will be held centrally by COMPRES.

ALS DAC 12.2.2:

Panero reported. All reports of the committee, submitted a week ago, are now final. Will send final copies to the EC.

Discussion: Need a management plan from ALS.

Discussion ended at 4:00 EST. Will continue discussion on ALS next week, Jan 22.
